Dear Friend

**RE: APPLICATION FOR BURSARY – NURSING SCIENCE DEGREE  
THE HIDDEN TREASURE HEALTH TEAM**

Thank you so much for your response to our article in the July issue of the JOY MAGAZINE. We are very encouraged by your interest in studying a Nursing Science Degree. We wish you God's richest blessing and favour as you pray for His leading and guidance in the way ahead.

As you will have read in the ONE LIFE article in the JOY MAGAZINE, (the very last paragraph), the **SA Health Department has a number of bursaries available for deserving students.** You must first apply for registration at your University of choice. Once you have been ACCEPTED for registration by the University, AND have passed your initial entrance exam, you may then proceed to apply for a bursary. No student will qualify for a bursary, without a letter of acceptance from an accredited University in South Africa. Unfortunately, you must work through the University. They have the required forms for bursary applications.

The 'ONE LIFE' Campaign was launched this week, by the article in the JOY MAGAZINE. We are in the process of getting our website up and running. Once that is in place, we will be able to give you information in regard to the vision of the HIDDEN TREASURE HEALTH TEAM.

We now have your name and email address. We will be in touch with you in the near future.

Yours sincerely in Christ

**MRS. TERE BASSON**
